

Patricia Ann McKillop

March 31, 1961 - May 21, 2022

On Saturday May 21, 2022 Donald Robert McKillop Sr. and Patricia Ann McKillop tragically passed away near San Simon, Arizona as they traveled across the country to visit their son Donnie and his family.

Don was born in New Kensington, PA son of Patricia and Donald Minor McKillop. After losing his own father in an accident at the age of five, Don's mother supported Don and his two younger siblings on her own. Don helped out where he could, taking up a paper route at the age of 11. Upon graduation of Burrell Senior High School, Don joined the Lower Burrell police force. He then attended Indiana University of Pennsylvania majoring in criminology and becoming the first person in his family to graduate from college. After meeting and marrying his wife Patty, Don matriculated at William & Mary Law School fulfilling his childhood dream of becoming a lawyer. Don and Patty took the brave leap to move across the country to San Diego, CA so Don could join the Klinedinst law firm where he took over a branch of law and built the firm up serving as the COO, CFO and eventually becoming a partner. After 16 years with the firm, Don set up his own practice in which he specialized in defending contractors and construction companies. His love for litigation was matched by his love of sports, especially football, baseball, and golf.

Patty McKillop was born to James and Virginia Hanlon in New Kensington, PA. The second to youngest of five children, Patty grew up in a loud, loving home and spent much of her childhood playing outside with her siblings and friends in her Plum neighborhood. Like her future husband Don, Patty too became the person first in her family to attend and graduate from a four-year university. Equipped with her chemical engineering degree from Penn State, Patty supported Don through law school while she worked at a bomb plant near Washington D.C. When the family relocated to San Diego, Patty became an engineer for the United States Navy. One of the few women in the field early in her career, Patty was not only a trailblazer but also rose through the ranks to become a project manager responsible for collaborating with NATO countries on military technologies and traveled the world with Don in tow. She was excited to retire in January 2022 and was looking forward to lots of time spent reading outside on her patio with her dogs.

Don and Patty's 38-year marriage was characterized by shared values of hard work, loyalty, integrity, and family. Don was the ultimate coach—his former players, his family and his friends constantly seeking his guidance and advice. Patty loved to laugh, and her kindness was only matched by her patience. Of all they accomplished in their lives, Don and Patty were most proud of their son Donnie and found so much joy watching him play football and baseball. They are survived by Donnie and his wife Kate; their grandchildren Donald III, Phoebe, Virginia, and Kate Elizabeth. Don is survived by his sister Kathi Lorent (Lee); his nephew E.J. McKillop (Alysha), niece Devan McKillop, great-niece Dakota; and his brother Gary. Patty is survived by brothers Michael and Daniel; sisters Jeanne Hamilton (Keith); Ann Yohe (John) and her nephews Jonathan (Kiersten) and Jacob Yohe.

A celebration of Don and Patty's lives will take place at the Church at Rancho Bernardo in Rancho Bernardo, CA, at 11am July 22, 2022. A celebration of life is also planned for 12pm August 19, 2022 at the Wooden Door Winery in Lower Burrell, PA. To commemorate his beloved parents, Donnie invites all those who are able to attend these services.

“ Like many of us in our neighborhood, Holiday Park, so much of my childhood was spent at the Hanlon's household. Patty and Anne were the babies. lol Fast foward and Patty, Don and I became great friends. I was blessed to visit them lots in San Diego and Pittsburgh. They were two of the best people ever! Patty always loving life and laughing and Don too his crazy fun but very steady self!

I was blessed to visit them in Jan 2022 and Patty was so excited to retire! Her and Don were as always amazing hosts above and beyond (and Johnathan and Kiersten) too.

Especially since I reappeared after leaving (long story). But they opened their arms and home with their warm unconditional love and yes laughter. ❤️

Anyway we agreed it was one of our best visits together ever. We laughed so hard we couldn't stand it.

Patty and Don were so close to their family and all were so blessed that they never let the distance keep them from being together with them. Thank God for that.

So although their lives were too short the fondest of memories will always always remain!! And they will never ever be forgotten.

Lots of Love,
Patty Rice

“ Patty was my second cousin. We shared many laughing and carefree summer days together in our childhood when Patty visited her Grandparents (my Aunt and Uncle Iggy) on Buchanan Street. Always laughing, always smiling - we both were. Patty and her wonderful family have always been a part of my extended family's life and many celebrations - all beautiful memories we hold close. My deepest sympathy to all of Patty's family(s) for your loss.

“ So sorry to hear of the passing of both Pat and Don. It was such a great pleasure to know them both and have had the fortune to spend time with them around the world. Pat's infectious laugh would always make the room just a little brighter and having Don at her side clearly made them both so happy. Condolences to the family in this sad time.

“ Pat was a true friend, mentor and wonderful person. All who were fortunate enough to cross paths with her are the better for the experience of knowing such a kind, caring, wise, fun, amazing person. I was lucky to be able to know her, travel the world with her, and learn about her life and her true passion, which was her family. Don was a wonderful man and they made a perfect pair. I feel for their family in this sad time and send every kind of condolence and warm thought possible.

“ My condolences to the family of Pat and Don. Many people have fond memories of her. Pat met many people over the course of her career and this tragic event is a shock to us all. Ms. Lillie recalled to me how dear Pat was to her and throwing a baby shower for Pat at the office. I remember tagging along with her and Mary as we wandered the streets of Paris looking for the perfect place for a glass of wine, a side trip to Toledo, Spain in a car that was too small for four adults just to explore a new city because we had a few hours to kill that day, and how happy she was to finally be able to spend time with her grandchildren.

“ So sorry to hear this tragic news. Pat was a customer of mine for many, many years and we had been to MANY meetings and conferences around the world together - a few of which she brought Don to as well. Being from Poway as well with sons playing sports at Poway High School gave the three of us a lot of common ground to converse upon over a drink or two in many different countries.

I remember being in a meeting with Pat last year and one of her colleagues mentioned the many different projects and businesses he was considering embarking upon in retirement. Pat got a wry look on her face and said, "you and I have very different views of retirement". It was clear she wanted to do nothing more than travel around with Don and be with Donnie and his family. I am very glad for at least a short time they got to live that life.

Rest in peace, Pat and Don- you will be missed by many!

“ So heartbroken to hear of the passing of Pat and Don. Pat was a customer for many years and she really was a source of encouragement to me. We worked through a multi year development program successfully and she always shared a smile, laugh, word of encouragement, or story about her family. I was so happy for her to retire and realize her dreams of traveling around in her RV and spending time with her grandchildren. It's devastating that her time was cut short. May she rest in peace and always be with her family in spirit.

“ My heart is just broken for the McKillop family. My best memories of Pat are the conversations we had about our children and grandchildren. She just "lit up" with joy and happiness when sharing stories of them. I know she was living her best life traveling with Don, visiting with the grandkids, and enjoying family time to the fullest these past few months since retiring...I sure do wish she could have had many more years to continue doing those things she loved. I too will miss her laugh and her smile. RIP Pat and Don
