Alicia my sweet step daughter that seemed to be so unique & different from the rest. I wish I could have spent more time with u to learn and to make happy memories with. Ur sister monae is so so so broken since u left us with so many ?s and and narrow & regrets I should of been a better step momma to u and reached out more to hold u. U was my little shadow for a long time when u were little. And then u grew up and far from us u remained I know u will be safe now and found inthe golden light u will shine bright so one day we will be able to find each other again. I will look at the moon u will show me u r there and happy in the midnight moon like ur daddy always has my name in the clouds. Now u and ur baby sister can hold daddy's hand while u all wave to us here on earth missing u all I luv u for ever. Luv ur step mom Mel momanie

Honey you are missed too. And my girl Alicia loved you more than life it's self. I know you don't have to worry about getting hurt ever again. You can walk next to Alicia through wild flowers for the reunion her daddy and Lyndsey. Give lots of kisses to all three for me. I miss all four of you. And I love you all more. Farewell until we meet again.
