

## Andy James

November 4, 1953 - September 13, 2024

Andy James of Little Rock, Arkansas passed away Friday evening in Willcox at the age of 70. At his request private cremation will take place.

# Tribute Wall

LA

“ Andy has been a part of our trucking family for 20 years. We all love him as a driver and friend. We have many good stories that he is a part of. Years ago, our young grandson, Andrew, broke down near Little Rock. Andy and his family went out of their way to rescue him and get him back to TN days later. I think their family made a big difference in Andrews direction.

Andy will be missed for many reasons but his big heart and silly grin will stand out the most.

“ Had not seen Andy for several years, when we meet by chance at Inkom, Idaho Scale, I blew a tire and took out airbag ,a half mile before scale and was out of service and had hot load to deliver in Nampa that afternoon. I was pulling a reefer he was hauling Strykers to ft lewis. He offered to take my trailer and deliver it and I would take his trailer after I got repaired. He knew I could and trusted me that much, and never hesitated to offer. I was always the youngest one, he never treated me any different. Lotta mile, lotta good ones too. You will be missed my friend. A Hand you were AJ. Catcha later, save me a parking spot and look forward to me not having coffee at 4 in morning just cause you were you, I always got up so we could talk.
