“ *Learning of Sue's passing hurts my heart. Sue was another grandma to me as I grew up in Las Vegas. Staying at the Mahan's house during the summer days or after school with her watching over us are some of the best memories I had as a kid. She imparted knowledge and wisdom on me without even trying. She always made sure we were fed, at practices or games on time, and did our homework. As I got older, it was great to speak with her and catch up. She was thrilled to hear about how my life was going and her smile was infectious. I will remember her and our memories for the rest of my life. I love you Sue.*

“ All of us in the Hempler family were saddened to hear of Sue's passing. She was a spunky lady and a great neighbor and friend to us for many years. Seemed she was always on the go when she lived next door. We would always see her coming and going! I remember the chats we would have sitting out on Pat's driveway as we watched cars roll in and out of our neighborhood. Makes me smile when I think about how she would say "Who is this coming into our neighborhood?" She was the neighborhood Grandma keeping a watchful eye out for everything. I miss that. We miss her. My world is better for having had the privilege to know Sue. Her kindness, grace, and spirit touched my heart and she will be missed. We are sending our deepest condolences and biggest hugs to the Mahan family. God bless.

“ I was so blessed to have Sue in my life here in Las Vegas, NV. We volunteered together for about 10 yrs but 8 of those 10 years we spent five hours a day Monday through Friday volunteering at the SMA lifestyle center. She loved going out to the buffets in town. I was fortunate to get to know her family here in Las Vegas and she got to know mine. She adored my son Garrett. He called her Grandma Sue. I have to thank God that he to be part of her life here in LAs Vegas. My most sincere condolences goes out to all her family.
