“ Betty was such an inspiration to me. When I began working as a new grad nurse, she took me under her wing and taught me what I needed to know. What I didn't realize till later is that she taught me valuable lessons of life. She was more than a boss, she was a friend. Her time on this earth was too short but she's living it up and watching over us now. I will miss her so much. Sending loving prayers to her husband. I didn't know him well, but I know she loved him dearly. I'll see you again someday, Betty. Love ya!!
