“ *What a wonderful, supportive, giving person. She loved the southwest, and so happy I got to meet her, know her, and travel with her to different areas , Utah, Colorado, Arizona and California. Good memories and laughs that make your cry. She loved her dogs and I know she is smiling with her boy Yuma. She left us on the day we celebrate the Windtalkers/ code talkers of the war. Her Yuma was named after them. My sign she was with him. Godspeed Cecelia!*

“ Dear friend from her work at Middletown PD.
We spent many lunch breaks with her in our small group. We were truly friends. She was so trustworthy and honest.
My wife and I visited her and Bill in their retirement home and had a great time.
We will miss her regular conversations.
Love you much!!
