“ Christopher. I am so sad to learn this news. You were a dear friend who had a keen sense of humor, a gentle nature, an infectious smile!

I learned of your passing 1 week before relocating from Ohio back to AZ. I was so looking forward to reconnecting and having a friend so near. My heart is broken - and wish I could have been a friend who was nearer to you sooner than now. I'm sorry, dear friend- you are in the better place. Until we meet again.
