“ Mike considered Danny one of his dear friends. He loved working with him at the power plant. I'm sure the two of them are catching up now that they are both on the other side! My heart breaks for you Cindy, and your family. The loss of these great guys is so hard, but as you keep his memories close to your heart, they will be the thing to help you through each day. Love and hugs to all.

“ Our condolences to the Tapia family. Danny was great to work with at Apache Station, and taught me, and so many others, so many things. His work ethic and sense of humor was beyond compare, and it was always so great to visit with him. My Dad hired Roy several times to help with yard work and miscellaneous things that he needed help with, and my Mom hired Mindy, on occasion to help with housework, and various little projects. It was clear that the same work ethic and friendly demeanor that Danny and Cindy had, was taught to their children. We are praying for the Tapia family, during this difficult time. He will be greatly missed.
