“ *Davis was a fixture in my family over the last 24 years. Little did I know how much of a comedian David was until recent. David was at our home for Thanksgiving and was looking in my pantry. I asked if he needed anything, David said oh I'm just looking for Christmas gift ideas for you! I said oh I don't need anything. David sent 2 gifts for me, first I opened a first aid kit. I thought, okay do I dare open the 2nd gift. I opened the 2nd gift and I laughed so hard...it was an electric knife. That was David, always wanted to know what other people needed and what he can do for them. David would ask how are you doing and would have the greatest concern in his eyes. He was a truly caring, kindhearted soul that will be greatly missed in my family. Many things in this world will forever remind me of David like the daily newspaper, nature tv shows, gardens and most of all, a turkey carcass. David's would light up after Thanksgiving dinner when offering him to take the leftover turkey home. May we all find comfort in reading these wonderful stories of David.*

“ David was a caring, gentle, and loyal close friend of mine for 24 years. He was always there through the tough times as well as the good. He was a great father figure to my daughter from the time she was in Kindergarten. When she was learning to read he was there reading with her patiently even after reading the same story many times. He spent many weekends working in my yard planting trees and desert plants and teaching me how to care for them. His presence in our life will be greatly missed.

“ David spent many a Christmas or New Year's Eve on our sofa in Biloxi; my mother loved him like a son. While he was a friend of both me and my brother, he and I were boyfriend/girlfriend for a while in college. He and I connected, the way he did with the people he loved. I cherish the days last summer when, after almost 50 years, we reconnected with our friends Jane and George Baxter, laughed, had heart-felt discussions like in days of old. RIP David.

“ David was such a special person. He was part of our lives for 35 plus years. He was a quiet, gentle soul, always willing to help. We enjoyed his great sense of humor. Gosh, we had some fun times and good laughs. Once, when we were backpacking for 5 days in the wilderness, David brought only a large sack of hard candy. I asked him what he planned to live on, he smiled that great smile and said he planned on trading with my kids for food! Guess that's what he did as we all survived. On those hiking trips I learned the names of most of the plants and flowers along the trail. He was so knowledgeable. Five years ago he helped me plant 14 trees and I'm proud to say all but one survived. Sure wish he could see them again, he would be proud. David loved dogs and kids and they loved him! Gosh, we're going to miss our friend. Sending love and prayers to his family. ❤️

“ What can I say about a true friend of 55 years who died and will be forever remembered in my life time of our youthful years that where full of play and laughter. Those school years in Biloxi and Hattiesburg where boys would be boys. The number of times you lean't me your car and money so i could go out on a date..When I wrecked it you did laugh about it. The Store and the Chief your uncles and aunt and let's not forget Azzie with memories abound. It was the best of times.To have known you.and your family was a true gift..You will be missed ole friend..
