

Dwight "Huck" D. Weaver

March 31, 1936 - May 4, 2016

Dwight Dewayne "Huck" Weaver was born in Cottonwood Falls, Kansas on March 31, 1936 and died May 4, 2016 in Willcox, Arizona. The real problem with writing an obituary recording his life is, "How do you write a one paragraph summary that memorializes the example he set for his children and grandchildren". "Huck", as his friends knew him was highly respected by all. Despite the devious moniker of his namesake his peers knew him as a sincere man who's determination and drive resulted in success in a variety of fields such as, turning a wrench, riding a bull, strumming a string in a bluegrass band, delivering watermelons as a over-the-road trucker, racing motorcycles in desert races, honorably serving his country in the Air Force during the Korean Conflict or reaching up and touching the Face of God as a Pilot. His children and grandchildren will remember him as the standard he set for how to treat a spouse, family member, friend's and even respect due to an acknowledged rival. Dwight is survived by his wife of 10 years Judi Weaver of Pearce, Arizona. He was preceded in death by his wife of 52 years, Janet V. Weaver. Huck and Janet are survived by their children James Weaver and his wife Lea of Gallup, New Mexico, Cheryl and her husband Larry Stolte of Girard, Kansas and Sharlett and her husband Hector Corral of Gallup, New Mexico. Grandpa Huck's thoughtful guidance will be sorely missed by his grandchildren, Christopher Weaver, Amanda Weaver, Adam Stolte, Angela Siess, Meggan Phipps, Jason Corral, Linda Corral, Stephen Corral and Tina Lujan, as well as his 13 great grandchildren. Huck's family thanks the Willcox

Hospice team (CWLJH) and the Northern Cochise Community Hospital, palliative care staff for all their attentive end of life services and management. In the end, we all hope we can live by his example: Dwight Weaver knew the man, husband, father, grandfather and friend He wanted to be, so he was. At his request no services will be held. Arrangements entrusted to Westlawn Chapel, Mortuary and Crematory of Willcox, Arizona. You may express condolences at www.westlawnchapelmortuary.com

“ *Who would have thought that my sister-in-law's parents would hold a special place in our hearts? Huck was a great father, father-in-law, and grandpa. He loved his wife Janet, and the two of them would have Larry and I in stitches or listening to stories of their fun adventures. Huck will not be forgotten. May he RIP enjoying the company of the love of his life. May God comfort his loved ones.*

“ *I had the pleasure of meeting Huck and Janet several years ago when they lived in Douglas. I remember that Huck's talents in the field of aviation were much admired and respected there, when he worked with Bud Huston at running the Douglas Municipal Airport.*

MY

“ It was such a pleasure to have known Huck. We first met Huck when we needed an annual on our airplane, and I also needed my bi-annual flight review. I learned so much about flying from my first meeting with him that it made me wish I had known him years earlier. His work done on my airplane was above and beyond what was required of him and he was that way with everything I knew him to do. We became friends with him and his new wife, Judi. We played some music together, all of us, a couple of times and had great fun. Wish we could have done that more. Men do not come any better than Huck. He was a straight up guy with nothing bad to say about anyone ever. Everyone who knew Huck truly had their life on earth enriched, I know ours was.

We miss You Huck!!!!!!!

“ To my great uncle Huck, the memories I have with from hunting to watching you and Grandpa laughing and you joking around with me warm my heart with joy. I remember going to your work to see you and Grandpa and you would always have candy for me. You passed your birth Mark down to me so your memory will live on. The wisdom and kind words will carry on. I love u and hope you and Grandpa are in heaven enjoying yourselves. Rest in peace -Joey Osborne-

“ Cheryl, I remember the story you'd tell about your Dad flying over the sports field at your school and waving at you with his plane. I have always thought that was so cool!!! My prayers are with you and your family. I know Huck is in a great place now. Love, Dixie
