“ My condolences to Betsy's family. I worked with her when she was working at Pinon Health Center in Pinon, AZ. She was my provider and also an awesome coworker. I remember her love for horses and her beautiful smile. Yesterday I drove from Morenci through Safford and Willcox on my way to Phoenix remembering her. I looked her up the other day so I could visit her on this travel... but instead I came across her employer's post on FB. :(I will always remember her as a good friend and thank you for sharing your mom with us on the Navajo Reservation. - Elaina Chee

“ The news of Betsy's death has saddened our family. I haven't seen her for many years but thought of her often. She and I shared a love for horses. Bless her heart for rescuing Mustangs.

Sending deepest sympathy to her sons and other family members.

“ *Michael & Kenneth*

My sincere condolences for the loss of your mother. I am heartbroken and sad for all of our loss., She was my favorite cousin and I loved her dearly. As your mother believed, we may lives miles apart but we were connected heart to heart and shared a strong kinship. I will cherish all the times over the 70years we were able to spend together but the time together was never long enough. My regret is I had planned on visiting her again and staying longer. I really wanted her to come to Ohio for us to spend time visiting other cousins on the Jenkins side of the family. But everyday life seems to take up our time and life passes by and then it is too late. May she rest in peace.

First cousin, Mimi

Ken and Michael: So very sad to hear of the passing of your mom, Betsy. My deepest respect and condolences. I have many fond memories of her: I know she loved the mountains and rivers of Colorado. She loved snow in the winter and those beautiful Colorado wildflowers. But mostly, I think she loved the dessert and horses (always horses, especially Arabian Mares). I can still see her flying over open farm country on her Arabian horse; it's nostrils flaring and its tail flying behind. And Betsy laughing-always laughing. What a joyful time. Ernie Jemello.

“ *Betsy lived on Hopi for several years and became a part of our family, the Ami Family in Polacca, AZ. She was a great RN working in our ER and I was her co-worker. Betsy spent many hours with my family, doing things that made us close. She is loved by us all and my plan to visit her after Kris passed was for this year, 2025, which will not happen now. She will always have a place in my heart and I will treasure all the times we spent together, enjoying life, our work and new adventures we went on together. May her sons, and grandchildren carry on her memories and know she is in a better place. May her journey to the afterlife be smooth and uneventful, she deserves so much for all the love she gave to others.*

“ *Betsy was a great friend and nurse to me. I loved visiting with her at NCCH at work and when I would see her at the clinic.*

She has reunited with Kris.

My prayers, thoughts and love go out to her family and friends.
