“ I was a young farmer highly intrigued by lettuce farming.
Floyd would become my mentor, in his quiet gentle persona gently laid a plan out for me.
"Buy some of that bottom ground next to the lake.to add to your slope ground.
It will stretch your season 2 to 3 weeks both spring and fall"
We did and sure enough it brought us more opportunities in lettuce.
Floyd was also instrumental in getting cochise county health dept to mobilize and bring drs,nurses etc.to the farm and check the workers.due to his diligence many strokes from high blood pressure were prevented. And many diabetics diagnosed and sent for help.
Floyd could see the big picture of life really well. And his kindness and caring shows not only in his and Rosemary's children but in their grandchildren as well.
He brought Gabriela Giffords our state senator to the fsmr.due to his efforts I was in invited several times to speak for cochise county agriculture.
All because This man cared,encouraged and wanted the best for his country.
He made friends in service in the armed forces of which were life long.Mr Ralph Hackey of Hatch New Mexico for one.who always spoke so highly of floyd from their years in ww2 I believe.
And to my father he was a trusted friend and fellow farmer.both serving on ag boards together.
Floyd loved his family, his community his church and his fellow man with no regard to race or status.
And one last thing he always dressed so professionally. At meetings. Suit tie etc.Floyd you made a great impact in my life .
