“ James was always someone I could talk to and make memories with. I could live a million lives and every single time I'd wish for him again as my father. Rest peacefully dad for you shall never suffer or hurt once more 🕊️

“ James was like a brother to me. He was always there making sure I had help if I needed it or if I needed someone to talk to . I also did my best to be there for him as he would allow. We had a good bond shared lots of laughs and shared our stories from moments in life that had meaning to us. We had a simple understanding of each other and was never complicated we were who we were and we respected each other even if we had opinions that didn't always see eye to eye. Genuine friendship that meant the world to me. His earth bound life gone I hold him in my heart and he will forever be on my mind as my life continues without his physical being here any longer. I will miss him think back on the good times and the times I wish I could have done more and broken through his stubbornness. May his family be blessed and hold his memory in your hearts forever . My love to him and his family 💕🙏

“ *My dear cousin Thank you for allowing me to be a part of your journey from sunrise to sunset.*

My story is not mine alone but a part of a larger one that included my dear cousin James.

You were more of a brother to me than you ever allowed me say. I love you!!!
