“ Dear Liz,

*We were deeply saddened to learn of Jim's passing on July 2nd. Please accept my heartfelt condolences during this difficult time. Though many years have passed since we were neighbors at North Ranch back in the late 90's, I have always carried fond memories of you and Jim. When I first moved to Tucson, your friendship meant so much to me as I was finding my place in a new community. I will always remember Jim for his remarkable social grace and unwavering professional integrity—qualities that made him truly admirable. Our conversations about his hunting adventures were always captivating, filled with his enthusiasm and storytelling ability. I was also fascinated by the tales of your summer retreats to the Forbes' Trinchera Ranch in southern Colorado, which sounded like such wonderful escapes.*

*While I never shared your equestrian passion, I deeply admired both your and Jim's exceptional riding skills and the adventures you embarked upon together. Your horse property outside Pearce was clearly a source of great joy for you both, and it was evident how much those experiences meant to your partnership.*

*Even though Kathy and I only had the opportunity to visit with you both a few times after you moved to Sunsites, those moments were always treasured. We often spoke fondly of the times we shared together during our North Ranch days—memories that have remained bright and meaningful to us over all these years.*

*Jim lived a full and remarkable life, reaching the age of 90 with such dignity. His legacy of kindness, professionalism, and zest for life will continue to live on in the hearts of all who knew him.*

*Please know that you are in our thoughts and prayers as you navigate this time of grief. May the wonderful memories you and Jim created together bring you comfort in the days ahead.*

*With deepest sympathy and warm regards,*

*Jim & Kathy Simmons  
Green Valley, Arizona*
