“ *My visit with Joanne was so wonderful , We even talked about me getting a place there in Arz. to be near her. We were the best of friends, always were always will be. Her children were as my own , I loved them as much. Much love is also sent to her husband for taking such good care of her as he did in her troublesome days , she told me that very night on the phone what a good man he was and how much she loved her family and friends . I love you all....Aunt Carol Macintosh*
