“ I send my condolences and love to the entire family. I go way back many years ago with this family, to me they are my extended family. When his sister Shannon and I became friends so so many years ago Justin was just a little tiny kid who grew up into this man I had so many hopes and dreams for. I do wish through his pain he's able to find comfort and rest in peace with the Lord. I have so many happy fun fond memories.

sadly I hope the family will understand I will not be able to attend the service as much as it breaks my heart to not be able to be there, I've just gotten out of the hospital myself with some health issues, but know that I am there with you with Loving hugs and prayers and you're in my thoughts & prayers. Sending love
