Your partnership with this ministry will help us:

- produce more episodes for our Country Living and Medical Missionary Ministry

segments.

- produce more natural products to share with those not in the faith as part of our health and friendship evangelism, and also our literature evangelism efforts.
- continue the work abroad in other countries spreading the gospel message in evangelistic series and medical missionary work.
- integrate a small outpost center from our own home and property which will include a wellness & lifestyle treatment room, medical mission training school, small farm, and health food kitchen.

“ Neil was one of the kindest and most decent human beings I've ever known. We were all very lucky to have him in our lives, a fellow Navy sailor and Boeing employee for all those years. Godspeed Neil Sprouse.
