“ *Growing up knowing Oakie and crew was an experience that is treasured memories for us all. It was definitely the best of times, mixed with the worst of times, but always a magical experience, not for the faint of heart, but not to be missed as we journeyed together through the trials of life. Our lives were fuller and more meaningful, and certainly more musical because of this mans influence . Thank you for your friendship and companionship Oakie, and you just being you. There will never be another one like you. Thank you for being in our world. You made it adventures and fun. I do not think you ever realized the positive impact you had on the younger people you befriended way back then. We may have drifted apart as life pulled us in different directions, but you were never forgotten and always admired.*

“ You were a wonderful dad to me when I was little and I’m grateful I got to see you before you passed even if it was just once since I was 8 or 9. Wish I would have found the courage to seek you out sooner. Love you lots and you will be missed. So happy my youngest daughters were able to meet you. They talk about how nice you were and how they wanted to go back to visit you again. May you Rest In Peace Dad 💕💕

Thank you. I miss him a lot. I had the chance to at least see him once before he passed away. Wished it could have been more but I am grateful.
