“ *My dearest uncle I don't have a memory from my childhood when we lived in Willcox that don't have you and the girls in it. Riding bikes flying kites or just a family day together. The last time seeing you, you came to the recuse with a tire so we could make it home. My kids enjoyed the time you were drawing them and yourself on the sidewalks! You, your never ending smile and awesome personality will be dearly missed rest in peace uncle I will see you on the other side when it's my time.*

To my Dear brother, I know your journey with our lord and all his Angels, will be a wonderful time with you entering their heaven, they will receive an outstanding new Angel who will be able to still contribute all of your precious Love and giving gestures you have always shared with everyone you were around. I have always carried you in my heart and thoughts, throughout my everyday life. There was never a time you did not come to my rescue for what ever I may have asked of you, and I was always so grateful, you would never take payment for things you did or gave, when I think or mention to others what proud, helpful and giving is all about, your name Philip enters my thoughts. You were that person who could always bring laughter to a sad moment and always save a disaster when occurring, you would always try to save others before yourself, even when you and Ray were growing up you always took time to take care of him and trying to keep him out of harms way. I will never forget the time we were all working in the yard with our Dad, you were very little and even then you wanted to help and be a part of what was going on, you came from inside the house with some big boots on and we all laughed, while you were getting around the yard in your big boots, you had found an axe, picked it up and tried carrying it to someone , when you tripped and fell at the same time cutting the back of your hand with it. We were in disbelief that what had happened to you. Mom and Dad quickly took you to the hospital and got your ugly cut taken care of. After that you carried a ugly scar on your hand, but you never let it bother you. Things never changed with you, you still kept on giving and helping others with a big smile and laughter. Sometimes the littlest things can be the most important things in life and remembered forever. All the times you were there for someone and you thought was nothing to you, will always be remembered forever. You will be greatly missed, but we all know you always will be looking down on us and be helping from above. I love you my brother and will miss you but never forget you, you are in good hands now, I will not be sad for you but only happy because that is how you would want it. Farewell, may the lord be with you and all of us. Your Brother Robert Moreno

“ *Your smile can turn the worst of moods to the good. I have missed it, and you for quite some time, but missing you now will be different. Now I know I'll see you again. You and the girls hold a big place in my heart and in my memories, and I'm so glad for that. I remember gettin off work at T.J.'s one night, and "My Maria" started up on the jukebox. My special song. And I looked around and there you were leanin up against the wall, holdin a pool stick and lightin up that smile. You kept me out of some big trouble, not hesitating to to drop everything to come take care of things. I remember that like it was yesterday. And you didn't get mad at me when I rolled the Bronco and we were sittin there upside down with the contents of my purse all over us. You just fixed it. Laughed at me a little... And you didn't get too mad at me when I pulled away from the gas station draggin the nozzle and hose behind us, and honestly I don't know HOW you fixed that one!?! But for all the memories that my girls and I have with you and your girls, I'm thankful, and I love you. I'll be seein ya when I get there.*

“ Dad, there has been many miles between us for some time now but as you now know, there hasn't been a day that I haven't thought of you, your contagious laugh and your priceless smile. There are so many memories that I will carry with me. I only wish that my children would have been able to get to know the amazing person that I am so proud to call their grandpa. You have made such an impact on so many people and have touched every heart that you've met. I know you will be hovering around all of us that you loved so much. Rest now Dad...you can finally rest..
For anyone that has any information or details that pertains to my dad, I ask that you please be so generous and call me. I am states away and am in the dark which is a terrible way to be in a time like this. I am very desperate to know something. Thank you 660-833-1730

My heartfelt condolences to his family & those nearest to him. I am so far away & can't be there for his services but know that I'll be there in spirit to share this difficult farewell. Much love to the whole Moreno family.*
