“ *Renee will be desperately missed .. not only by all of us family, friends and associates but mostly by all of the animals that she's personally had a huge part in saving. She was an amazing hands on animal advocate that didn't just talk the talk but she walked the walk and literally ran the race to save lives every single day. Every week literally saving the e listers from certain death. She was a sweet friend and partner who put her all into everything she did. She was loved and will be remembered with love and respect. Hugs my friend. I miss you already. Tivvy and Jon Jones plus all the critters.c*

“ Renee was a very dear friend to me. She was one in a million. I met her through being a Realtor, but we soon became good friends through sharing our passion for horses, and animals.. I recently had lunch with Renee. Afterwards, we went back to her lovely ranch and discussed our horses. It was a great visit, and one I will hold dear and close to my heart. I will miss you terribly my friend, and our late night phone chats. I will see you again someday. My condolences to Renee's family in this very difficult time.

“ *May God's comfort be with you during this trying time..... I never met Renee face to face as we're in Alaska and she was in Arizona, but in a quirk of Facebook, I knew of her from our mutual interest with helping to save the dogs Of Pinal. She was clearly dedicated and determined to the cause, and always ready to help, whether by fostering or in whatever was needed to get the job done. We will carry on in her honor; I can't imagine a better way to remember a life well lived.....*
