I was just going through some things at home and ran across an old card from Richard back in the late 70's. It prompted me to Google his name after all these years. Richard and I served together on the USS Davis (DD 937). I was shocked to see that he passed. We were good friends on the ship. He actually visited me in New York while we were both on leave back then. My sincere and belated condolences to his family. I do hope this message reaches the family. Sincerely, John Loughlin.
