“ I knew Richard and Cindy only briefly as guests in their home just before Covid hit in early 2020. We made a deep connection through shared interests and learning about each others' life experiences. I was saddened to read of Richard's death, and was so glad he was able to die at home. Cindy, I hope to visit again when I venture forth from my New Hampshire home.

“ I just reread an Op-Ed I had stashed away by Mr Humphries. It was dated 7/6/2014 in Arizona Daily Star. It was on sealing our border. His words were so true, and even more important in 2022. The country needs more men like him. May Mr Humphries Rest In Peace.
