“ I am truly heartbroken. Rich and I shared many conversations throughout the year, and living nearby allowed me to check in on him often. He was a remarkable man with many fascinating stories that always left me in awe. The last time I visited his home, I thought he might be away on yet another adventure. My heart goes out to his family during this difficult time, and I send my deepest condolences. He will be missed dearly.

He was my coworker when we worked at the Compassionate Review Branch

He was a lieutenant. He was giving away an air conditioner and me and my friend went to Lt Jimmerson's home to pick it up. He was one of the nicest down to earth people I've ever met. The branch disbanded. I have never forgotten him.

“ Just found out this evening and I'm saddened to hear of Richard's passing. The Olson's send prayers and big hugs to his family and those close to him. As many have described, Richard was an intelligent, funny, polite and perfect gentleman; however, for those that may not know, Richard was quite the showman and singer too.

My father, Boogie Bob, and Richard were pretty close friends. Over many years and a few different piano bar locations they would perform and Richard would even record his songs in my father's studio. When Richard came to the piano bar, my father would play the songs he requested and Richard would own the room with his perfect delivery and creative lyrics. Quite often, people who were not paying close attention a few songs earlier would stop what they were doing as soon as they heard his smooth and deep voice tickle the room. His showmanship was always on point and he could signal participation with a tip of his cocktail or with a slight motion of his hand.

The regulars around the piano knew how Richard and Boogie enjoyed each other. When I would see Richard walk into the piano bar my heart got warm and my smile got bigger but not as warm and as big as my father's. I was able to see the last performance they had and it was wonderful. I know Richard was devastated when my father passed and if there is any consolation to Richard's passing it's that we can all imagine them playing and singing once again— somewhere over that rainbow in the sky.

“ Sending my condolences to the family of the late LTC Richard M. Jimmerson. Richard was a very honorable and respectful person. I attended CHS with Richard. The other thing that we had in common was that we came from “Midtown” and rode the school bus every day. It was always an interesting morning ride to school and ride back home in the afternoon. I am very grateful to have known Richard. Rest in peace my friend. May each of you find comfort in the Lord as you go through this difficult time.
Humbly submitted,

“ It is with heavy heart that I react to the passing of my boy hood friend, neighbor and brother, Richard Martin "Feet" Jimmerson. We were the best of friends since Clarksville Little League baseball. We did everything together. Together every day of our youth. Baseball, football, basketball...we did it all. He was my true friend and he taught me so much about being a young black man. I was "Pooky", Carbo" and "Darby" to him. We were best buds. Gregor J, Deborah and Carlos: I have never / will never forget you. Although I haven't seen you all in forever, the memories of the Jimmerson family will always hold a special place in my heart. To Ricky: Rest in Peace my brother. I will always cherish the memories.

Mr. Collins,

I am deeply shocked and saddened by Richard's passing. I got to know him after he moved to Texas. I would like to reach out to his family or his sons, as I live nearby. I've noticed that the house has started to deteriorate over the past few months.

“ *I grew up in Clarksville Tenn., Richard took me to my High School Prom. I can remember everything about that night. He was funny and charming. He was such a Stand up Young Man and always a Gentleman. May He Sleep in Heavenly Peace. I will say a Prayer for his family for Comfort.*

“ *My deepest condolences to the family at this time of grief for your beloved. We met at Peay where we affectionately called him “Jimbo”. He kept me in stitches with his fun loving sense of humor. And we had fun making up dances at the Frat house. I will remember Richard fondly. May he rest in peace.*

“ Met then CPT Jimmerson when he was assigned as the Commander of A Company, 12th Engineer Battalion in Mainz Germany in 1982. We Lieutenants found it noteworthy that an officer with a Poly-Sci major and Philosophy minor was commanding a combat engineer company. Turned out the joke was on us, as he was a great commander. When it was time for me to advance, he supported my reassignment as a Company Executive Officer face to face with the Battalion Commander. I got the job, moving my Army career to the next level. But that is not even close to the best thing he did for me. In 1984 he met a couple of German women, and the consensus was that one of them should meet me. The ensuing blind date was my introduction to my now wife of 40 years at a wine fest in Germany. As remarkable as Rich was, Ursula and I will never forget him. Rest in peace.
