“ *Bob Henry was the same age as my Zbrother Buzz. When we would get together to play, the two of them would always find some risky business to get into. I remember Bob Henry as a funny, crazy little kid try to find his place in a big roiling family of boys. My sympathy to the family, our much loved friends from an amazing childhood in Cochise.*

Robert and I dated throughout high school in Willcox. My memories are of a tall, young, blondish guy who smoked and ditched a lot of classes. My condolences to his family and friends
