“ *My prayers go out to Leroy, Troy, Darlene and family. I knew Shirley years ago while married to her cousin Roger. I remember Shirley's beautiful blond hair and smile.... and I remember how much she loved her children and family. I heard of her passing today. God bless all of you!*

“ One of the 3 "Muskatans" -- Ebie Ann Mercer Arriaga, Shirley and I worked together at Magma Copper Co. Breaking the gender barrier in 1973. It was a brave new world and these 2 strong ladies helped me survive. Loved them both so much. Shirley was also my maid of honor when I was Hank Buzan. The world has lost a wonderful person. Jacqueline Ann Buzan.

Shirley and I worked together at Magma Copper Co / BHP towards the end of the mine's life. She was always cheerful and very helpful. I know her family will surely miss her; she will always be in your hearts. Cheryl Welckle

“ Today my mom has passed away for her battle of Cancers. She fought hard and long but she lost the battle. My mom is with her loved ones and especially her daughter Tracee. My sister passed before her after her long battle with her illnesses, when she passed my mom was crushed. My mom was a great person and strong willed and caring person. She was always trying to take care of everyone and she neglected herself ,but that was my mom . She touched alot of people lives. She gave me my will and drive ,she gave me strength to believe in myself that If I set my mind to it I can achieve anything . She was a die hard Dallas Cowboys fan and her favorite driver in Nascar was Matt Kenseth I think because he was my favorite driver. My memories or her laugh and smile I will forever keep them in my heart and I will keep them to the end of my days. It's not good bye, it's the beginning to ever lasting peace for you now. Tell everyone we love them and miss them and we will see them again someday. I'm proud that you were my mom and I thank you for making me the man I am today. I love you mom.
