“ *Steve and I were close in high school and graduated together back in 1971. We were part of a group who hung out in the art room. We were the hippies! Steve was always the intellectual! This would have been the 50th year since graduation. Over at Facebook we're sharing memories and information about those who've passed away. We, the members of Salisbury High School's Class of 1971 send our belated condolences for a warmly remembered classmate.*
